

Dear Friend,

There is an awful disease taking its toll on our community. It's wrecking homes and destroying lives.

This disease is addiction: addiction to drugs...addiction to alcohol.

Husbands, wives, and children are suffering with this manageable, yet incurable, disease - looking for relief, for help, for a "safe place".

There are many people wanting desperately to stop using drugs. Want to stop the destruction alcohol is causing in their lives. Looking for a way to get their lives back on track, fix marriages, mend fences with family or to become a productive member of society again.

Until now there was no where to go before or after treatment.

Mr. Henry's House, Inc. is a non-profit organization providing food, shelter, clothing and a recovery atmosphere for our community members wanting to stop using drugs and alcohol.

A very structured recovery based environment is provided...leading clients through a 12-month program - with the ultimate goal of finding jobs and permanent housing. Each client is provided counseling and a sponsor to assist working the 12 steps of AA/NA.

Here is what some community leaders have said:

*"I feel that **Mr. Henry's House** represents a positive place in our community and is a worthy cause to support."*

*Tracy S. McCooey
Circuit Judge
Fifteenth Judicial Circuit*

"I have referred men to [Mr. Henry's House] in the past and it has made a difference in their lives. For that reason, I will continue to refer men to him in the future."

*Truman M. Hobbs, Jr.
